Seagate	Momentus	2TB	SATA	ST2000LM003	No	No	No	No	No	Yes

Effective July 29, 2015

\* SATA hard drives can be installed in the Gen4 4000 Series recorders without the need for any adapters. When installing SATA hard drives in the 3000 Series or Gen2/3 4000 Series recorders, a PATA-to-SATA adapter must be connected to the hard drive prior to installation.

PATA-to-SATA adapters are now available as a separate kit to allow any of the drives below to be installed in a Gen2/3 4000 Series recorder. When installing SATA drives in a 3000 Series recorders it is still recommended that the specific hard drive kits be used.
