

8000 Series Hybrid NVRs Trade-In Program

**Limited
time offer!**
expires September 30, 2024

Receive up to a \$1,000 trade-in credit when you upgrade your 8000 Series NVRs to the X-Series Recorders

Upgrade to the X-Series Hybrid Recorders today and receive:

- Up to: \$600 per 16-channel recorder
\$800 per 24-channel recorder
\$1,000 per 32-channel recorder
- Three months of no-charge access to March Networks Evidence Vault, our cloud service for securely exporting, storing and sharing video and case evidence in the cloud

Why upgrade to the X-Series Hybrid Recorders?

Highly secure and future-proof, the X-Series is our most powerful recording platform to date. The X-Series is designed for ultimate performance:

- Embedded, Linux-based and purpose-built to support AI applications
- Increased total bandwidth and storage
- Higher resolution and compression with H.265
- Highly secure with end-to-end encryption
- Compatible with March Networks' Cloud Suite, supporting your migration to cloud-based video
- NDAA compliant

Minimum qualifications to receive this offer:

1. You must be trading in your 8000 Series Hybrid NVRs for the X-Series Hybrid Recorders
2. To qualify, a minimum of five 8000 Series Recorder units must be traded in for a minimum order of five X-Series Hybrid Recorders
3. Offer applies to 16, 24 and 32-channel X-Series Recorder units only. Each unit must be configured with a minimum 1TB of storage per channel

Some terms and conditions apply. Scan the QR code above to learn more.
